II. SCOPE OF WORK

1. The State shall submit a program containing the aforementioned project to FHWA with the recommendation that it be approved for construction.

a. If such project is approved for construction by FHWA and the funds are available for construction of the project, the State with the aid and consent of FHWA will proceed to advertise for, receive and open bids, and subject to the concurrence of FHWA and the Local Agency, award the contract, enter into a contract with a firm to whom the award is made for the construction of the project, such project to be performed, completed, accepted and paid for in accordance with the requirements of the Standard Specifications for Road and Bridge Construction of the Highways Division, Arizona Department of Transportation. Further, the State will enter into a Project Agreement with FHWA covering the work embraced in said construction contract and will request the maximum federal funds available.

b. Should unforeseen conditions or circumstances increase the cost of said work required by a change in the extent or scope of the work called for in this agreement, the State shall not be obligated to incur any expenditure in excess of the amount of Local Agency's deposit unless and until so authorized in writing by the Local Agency.

2. Prior to the solicitation of bids, the Local Agency shall deposit funds with the State in the amount determined by the State to be necessary to match federal funds in the ratio required. Upon completion of the construction contract, the State shall return to the Local Agency any part of the funds deposited by Local Agency remaining after Local Agency's pro rata share of the cost, as finally fixed and determined by FHWA, has been paid.

3. The Local Agency shall acquire, without cost to the State, the necessary right-of-way and hereby certifies that all necessary rights-of-way have been acquired.

4. The Local Agency shall remove from the proposed right-of-way all obstructions or unauthorized encroachments of whatever nature, either above or below the surface of the roadway, and hereby certifies that all obstructions and encroachments have been removed therefrom, prior to the start of construction.

5. The Local Agency shall not permit or allow any encroachments, except those authorized by permit, upon, or private use of, the right of way. In the event of any unauthorized encroachment or improper use, the Local Agency shall take all necessary steps to remove or prevent any such encroachment or use; failing in which the State shall have the right to proceed with the removal or prevention thereof, the cost of such removal or prevention to be borne by the Local Agency.

6. Construction engineering services will be provided by Local Agency personnel in accordance with the approved plans, specifications, and the requirements of the relevant State and federal statutes, rules, or regulations. The FHWA will participate in the cost of construction engineering provided by Local Agency at the pro rata established in the Project Agreement for up to 15 percent of the cost of construction. Construction engineering costs not participated in by FHWA shall be borne by the Local Agency. All Construction project change orders are to be approved by the State.

7. Local Agency will complete the project in accordance with approved plans and specifications and the requirements of the relevant State and federal statutes, rules, or regulations. In the event the Local Agency fails to comply with the plans, specifications or any relevant State or federal statutes, rules, or regulations, it shall hold the State harmless from any claims or costs incurred by the State as a result of Local Agency's failure to comply.

8. State employees may perform any inspections of the project, audit any books and records of the Local Agency the State employees deem necessary, in order for the State to satisfy itself that the monies on the project have been spent and the project completed in accordance with the plans and specifications, statutes, rules, and regulations of the State and Federal government.

9. Upon completion of construction, the Local Agency shall provide for, at its own cost and as an annual item in its budget, proper maintenance, including, but not limited to, traffic signals, signs, islands, curbs and markings necessary for the purpose of regulating, warning and guiding traffic.

10. The Local Agency shall mark and sign school crossings and railway-highway grade crossings in accordance with the requirements of the current edition of the Manual on Uniform Traffic Control Devices for Streets and Highways.

11. By such regulation as it may by ordinance provide, the Local Agency shall regulate parking and not permit vehicles to be left on the street in any manner other than at and parallel with the curb and to restrict parking so as to prevent conflicts with moving traffic at intersections and at such other locations as necessary.

III. MISCELLANEOUS PROVISIONS

Local Agency assumes full responsibility for the design, plans and specifications, the engineering in connection therewith, the construction of the improvements contemplated, cost overruns, and construction claims. It is understood and agreed that the State's participation is confined solely to securing federal aid; that any damages arising from carrying out, in any respect, the terms of this agreement or any modification thereof, shall be solely the liability of Local Agency and that Local Agency hereby agrees to save and hold harmless and indemnify from loss the State, any of its departments, agencies, officers or employees from any and all cost and/or damage incurred by any of the above and from any other damage to any person or property whatsoever, which is caused by any activity, condition, or event arising out of the performance or nonperformance of any provisions of this agreement by the State, any of its departments, agencies, officers and employees, Local Agency, any of its agents, officers and employees, or any of its independent contractors. Costs incurred by the State, any of its departments, agencies, officers or employees shall include in the event of any action, court costs, expenses of litigation and attorneys' fees.
